Paying for your course

Most of our students qualify for free or discounted tuition fees, particularly those who are unemployed or on a low income, so the prices you'll find in this guide are the maximum that you'll have to pay to study. **You can find out if you're eligible for free or discounted tuition** on the course page on our website. Courses that could be free use this symbol 

The prices listed in this guide are for the first year of the course. If the course lasts for over one year, the fee will also apply to the subsequent years of study. Course fees can vary year-on-year.

Many of our courses qualify for **instalment options**, which will help you spread out the course costs over a period of 12 weeks or above. Look out for  and ask at enrolment for further details.

Some courses will enable you to apply for an **Advanced Learner Loan**. These loans aren't credit-based or means tested, and you'll only have to start paying this back if you begin to earn more than £25,000 a year. If you take out the loan for an Access to Higher Education course and go on to complete a degree, the loan will get written off entirely.  indicates that you can apply for an Advanced Learner Loan for this course.

You can find out more about the Advanced Learner Loan at one of our open evenings, or at **www.weston.ac.uk/ALL**

Want to find out more about your finance options? Give our adult guidance advisors a call on **01934 411 481**
